STELLAR RECRUITMENT

- The Maintenance Recruitment Team at Stellar are currently functional and can help businesses with both finding and backfilling of roles at this stage and post lock down to ensure businesses are able to fill gaps and needs quickly and as needed for ramp up with permanent, contract and temporary staffing. As well as helping companies who are forced to make roles redundant by reaching out to these employees and helping them work through other options for them in the market – post Covid – sometimes something a lot nicer to do for employees at a time that is stressful and as employers we want to do right by our people that have been an unfortunate collateral in this unplanned event. We can help across various markets including:

Mechanics, Technicians and Servicemen

Welders, Engineers and Fitters

Parts Teams, Service Advisors and Sales

Management and Exec Teams

Administration teams, Payroll, Warehousing and HR

Please feel free to reach out to our dedicated Maintenance team about how we can help your business through this time and moving forward into the future.
